

Niagara: Recovery.gov ARRA Job Summary

This map shows the reported location of ARRA jobs created in relation to the change in county unemployment rates from February 2009 to May 2010. While Recovery.gov data provides historic levels of detail about the # of jobs created & retained, the demographics of workers and the precise locations of work remain unknown. Often, the green dot represents the corporate address of the recipient agency or company, not the actual location of the work or the worker(s)
